

# GET THE CHRISTIE EDGE

Maximize your investment with training and certification from Christie University.

# THE KNOWLEDGE YOU NEED TO MAXIMIZE YOUR INVESTMENT

Get the most from your Christie® solutions. From certification programs to online or in-person sessions, Christie University offers you and your team the product and technical training you need to maximize the value of your investment.

Our training is designed to help you get the most out of your products and support your professional development. We collaborate with industry experts, both in-house and externally, as we develop, review, and update content\* for Christie University.

## Online training

With our online training portal, you get easy, convenient access to our full range of courses, 24/7, at no charge. Short on time? Track your progress and pick up where you left off when you log back on.

### Want to get started on your training?

You can find all our videos and sign up for courses on [Christie University](#).

## Instructor-led training

Our in-person sessions with Christie instructors are available anywhere you are: Whether it's at our training centers, your location, or remotely. Courses are typically one to four days and provide in-depth, hands-on training for your products and solutions.

### Interested in our instructor-led training?

[Visit Christie University](#) for a full list of available courses and to register.

## Tailored training programs

Need a training program tailored for your employees? Let's make it happen. Our team can create in-depth sessions designed specifically for your AV system and work with your employees on troubleshooting skills for their specific challenges.

## CTS certification courses

Earn Certified Technology Specialist (CTS) Renewal Units from AVIXA while learning about your Christie products during instructor-led courses.

## Certified Technical Partners

Your team can be certified to complete repairs on Christie products you own or have sold that are under warranty. Some of the benefits of this program include reimbursement for repairs, extended phone support hours, and closer collaboration with Christie Services. Contact our [training team](#) to learn more about our Certified Technical Partner program.
